\*Trees must be at least 1½ inch in diameter. At this time, we are no longer accepting flowering trees. Please choose trees such as oaks, sycamores, maples, spruce or evergreen trees.

\*We are currently maxed out with benches on the walking path in Memorial Park. Benches can be placed in the playground or at Abner Longley.

**If your memorial tree suffers disease or storm damage within the first year it will be replaced. After one year, damaged trees will not be replaced.**

**If you would like a plaque to accompany your memorial, we recommend Leedy's Trophy Center @ 482-3073. Lebanon Parks Department will install the plaque upon receipt from the donor.**

*Thank you for your donation. Your memorial will be a lasting tribute in our park.*
